

January 31, 2024

The Honorable Michelle Lujan Grisham
490 Old Santa Fe Trail Room 400
Santa Fe, NM 87501

Dear Governor Grisham,

As a leader who says she is committed to ensuring that women are treated fairly and have the opportunity to reach their full potential, I respectfully request a meeting to discuss the state of women's equal opportunity in New Mexico.

By way of introduction, I am an ambassador for **Independent Women's Voice (IWW)**. I'm sure you're aware of the controversy surrounding our 2022 NCAA Swimming and Diving Championships when Lia Thomas and I tied in the 200 freestyle. When the NCAA pushed me aside, I decided to use my voice and speak out against their discrimination.

Since taking that positive step to use my voice and platform for others, I've found a supportive community of not only female athletes, but also a cross-section of women who have been harmed by efforts to erase women and are now fighting to protect the opportunities, privacy and safety of women nationwide.

Six of these brave women, all of whom are ambassadors for IWW, join me in writing to you today.

We are concerned that the very concept of women — and the recognition of biological sex differences more broadly — are under attack throughout our country, but particularly in New Mexico. In New Mexico, some public officials are redefining the word 'woman'. When 'male' and 'female' terms are not rooted in biology, it is women who ultimately pay the price.

In addition to women being confronted by discrimination and inequality, elimination of equal athletic opportunity, lost privacy in locker rooms and living spaces, and lost safety in female prisons, radical gender ideology is pushing vulnerable young women, often suffering from trauma and mental health issues, down a harrowing medicalized “treatment” path creating devastating, lasting physical and emotional harm.

The vast majority of Americans across the political spectrum recognize that this radical gender ideology has gone too far and want to restore common sense policies. Women’s advocates like us want strong leaders who know how important it is to stand with women to ensure a prosperous and equitable future for all New Mexico’s women and families.

Enclosed is a list of New Mexican citizens who call on their leaders to stand with women in New Mexico.

I will be in New Mexico on February 12 - 13, 2024 and I will be joined by the other women signing this letter. We request an in-person meeting with you so that we can share more of our experiences and continue the conversation about the importance of standing with New Mexican women.

Please have your staff contact me at er@iwv.org to arrange a meeting.

Respectfully,

A handwritten signature in black ink that reads "Riley Gaines". The signature is fluid and cursive, with the first name "Riley" and last name "Gaines" clearly legible.
