

Independent Women Supports the Confirmation of Chris Wright as Secretary of Energy

January 15, 2025

Dear Senators,

Independent Women, which advances policies that enhance opportunity and well-being, fully supports the confirmation of Chris Wright to serve as Secretary of Energy. President Trump deserves the team he wants so that he can carry out the directive given to him by the American people.

There is no question that Mr. Wright is incredibly qualified to serve as Secretary of Energy.

Through his work in the fracking industry, coupled with his experience with nuclear power and minerals, Mr. Wright recognizes the importance of using our natural resources and regaining energy independence. His private sector experience makes him uniquely qualified for the role of encouraging continued, responsible innovation to enhance the American energy sector, and with it the safety and security of the world.

Independent Women is proud to support the nomination of such a qualified nominee to serve as Secretary of Energy. We urge senators to provide Chris Wright with a fair and respectful hearing and to confirm him as Secretary of Energy.

Respectfully,
